

QUALITY POLICY STATEMENT

CORDONFIL has been working in the textile sector for more than 30 years, manufacturing threads and laces with different finishes, colors and measures for the footwear industry, clothing, decoration and costume jewellery, using high quality natural and synthetic raw materials.

Our purpose is to achieve the improvement of our products seeking to achieve excellence, adapting to the needs of Production Quality demanded by an increasingly demanding and competitive market.

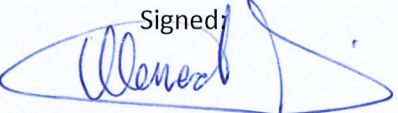

To achieve this, the Management is involved in the development, implementation and maintenance of the Quality Management System and is committed to establishing a system for continuous improvement of its effectiveness, based on the requirements of the ISO 9001: 2015 standard.

The Management expressly expresses its fundamental commitment to enhance Quality in CORDONFIL based on the following principles:

- Meeting our customers' expectations and needs by providing high-quality threads and cords, while incorporating environmental criteria into our processes and products.
- The Management will permanently promote the necessary improvements for the achievement of the objectives and the fulfillment of our quality levels.
- Quality is susceptible to **continuous improvement**, achieving systematization and daily prevention are the basic pillars of our system. The failures must be used to learn and eliminate the sources or causes that have generated them through the implementation of improvement actions.
- CORDONFIL is committed to **full compliance with all requirements** applicable to products, whether legal, customer or internal.

To fulfill these principles, CORDONFIL Management is aware that, in addition to providing adequate material and human resources, personnel must know, understand and apply the Quality Policy, as well as the documents that make up the Quality Management System .

This Policy will provide the framework for the definition and achievement of our quality objectives and will be reviewed periodically for its continuous adaptation.

Signed: 
CORDONFIL Management
